

Hydraulic Toe Jacks

SPX POWER TEAM®

With lifting points on the toe and on the top, these extremely rugged jacks are ideal for machine lifting, rigging, lift truck service and much more.

Choose from 5.5-ton, 11-ton and now, an amazing 27.5-ton lifting capacity. All jacks operate both vertically and horizontally and swivel 360° for even greater versatility.

All jacks meet ANSI B30.1 standards and carry the Power Team Marathon Lifetime Warranty.

GET UNDER EQUIPMENT WITH ONLY 1¹/₁₆" (27mm) OF GROUND CLEARANCE

Base, toe and pumping assembly swivel independently, allowing the jack to work in confined areas.

Economy Hydraulic Toe Jacks

JUST THE POWER YOU NEED AT A PRICE YOU CAN AFFORD

These bottle jack-style toe jacks are loaded with many of the same features as our standard bottle jacks. But the toe-lift feature and swiveling pump handle socket make them ideal for machinery lifting and positioning. An internal pressure relief provides added safety by limiting the jack's lifting capability to the capacity of the toe. Spring return is an added feature on the larger jacks.

All jacks meet ANSI B30.1 standards and carry the Power Team Marathon Lifetime Warranty.

SWIVELING PUMP HANDLE ASSEMBLY

Available on the 5- and 10-Ton models, the swiveling jack assembly allows you to access and pump the unit from numerous positions.
